EXPERIENCE SUMMARY

Full-Stack Developer with hands-on experience across event-management, real estate, and sports-platform products, using React/Next.js/TypeScript on the frontend and Node.js/Express on the backend. Led the Eventra platform end-to-end (frontend and backend) and delivered a paid client project (UDESport) including a full database migration from MongoDB to PostgreSQL. First-Class graduate (B.Agric, Animal Science, CGPA 4.76) from Obafemi Awolowo University, pairing strong analytical training with practical, shipped engineering work. Seeking a full-stack engineering role, ideally within a Digital and Technology Advisory practice.
